## **Explanation for Limited Patient Authorization**

The Limited Patient Authorization will give our office the authority to provide access to your health information for the person you have listed on the form. The Limited Patient Authorization is limited to accessing your information and does not give any other rights to the person you have named on the form. Use of this form will enable us to provide your health information to persons or entities that may be involved in your healthcare (i.e., family members or friends).

The following information will help to explain what information we will need and the purpose of specific sections of the form.

**Patient Name** - Print your name.

**Social Security Number and Date of Birth** - This information is needed for identity verification and will be maintained in a confidential manner at all times.

### **Purpose of Request**

**Entity Providing Information** - Print the name of our practice or, if you are requesting another healthcare provider to send information to us, the name of another healthcare provider. This simply identifies who will provide the information.

**Entity Receiving the Information** - Print the name and contact information of the person you want to receive or have access to your health information. If you are requesting another healthcare provider to send your health information to us, you would list the name and contact information for our practice.

**Description of Information to be Disclosed** - The type and amount of health information that we disclose is your choice. It can be all of your health information or it can be limited to specific information that you would list on the form.

**Purpose of Disclosure** - Regulations require that we identify the purpose for disclosing limited information (see choices on the form). You also have the right to keep the purpose to yourself by selecting "Patient Request".

**Expiration or Termination** - This authorization will expire at the end of the calendar year in which it was signed unless you specify an earlier termination. The authorization must be renewed each year as a means of protecting your information and verifying your wish to continue the authorization.

**Right to Revoke or Terminate** - You may revoke or terminate this authorization at anytime by contacting our Privacy Manager. Requests for revocation or termination must be made in writing.

**Non-Conditioning Statement** - This simply states that our practice does not place conditions for treatment on the use of this statement.

**Redisclosure Statement** - We cannot be responsible for what your Personal Representative does with your health information that we would provide under this authorization. The redisclosure statement simply informs you of this situation.

**Signature and Date** - We will need your signature and date of the signature to make the authorization effective.

**Copies** - We will provide you with a copy of this signed authorization upon request.

Please address any additional questions with our staff.
